Workers affected in 5 additional Texas counties may now apply for assistance

AUSTIN – Victims affected by severe storms and flooding, which began on May 26, 2016 and continued over several weeks, may now apply for Disaster Unemployment Assistance (DUA) in five counties as a result of Amendment No. 3 to the Presidential Disaster Declaration (FEMA 4272-DR). Workers who lost their jobs and self-employed individuals who have been unable to work due to the storms and flooding in the following counties may apply for DUA and applications must be submitted by August 04, 2016:

- Fayette, Harris, Kleberg, Palo Pinto and Parker

Texas Workforce Commission's (TWC) website contains more information about [Disaster Unemployment Assistance](#). Individual Assistance provides affected residents and businesses access to federal disaster aid programs including unemployment benefits for workers who temporarily lost their jobs because of the disaster or self-employed individuals.

Individuals affected by the severe storms in these counties can apply for benefits online through [Unemployment Benefit Services](#) or by calling a TWC Tele-Center, Monday through Friday between 8 a.m. and 5 p.m. at 800-939-6631. Individuals should specify that their applications are related to the damage caused by severe storms and flooding in one of the counties listed in the disaster declaration. In these designated areas, affected individuals can find the nearest FEMA DRC by entering their zip code in the [Disaster Recovery Center Locator](#).

Applications for DUA filed after the August deadlines will be considered untimely, unless the individual provides good cause for applying late.

- Have applied for and used all regular unemployment benefits from any state, or do not qualify for unemployment benefits
- Worked or were self-employed or were scheduled to begin work or self-employment in the disaster area
- Can no longer work or perform services because of physical damage or destruction to the place of employment as a direct result of the disaster
- Establish that the work or self-employment they can no longer perform was their primary source of income
- Cannot perform work or self-employment because of an injury as a direct result of the disaster
- Became the breadwinner or major support of a household because of the death of the head of household
